

- Your Art Journal is a **year-long project**.
- There are required prompts. I will give these out throughout the year.
 - You must also answer **FIVE** prompts of your choice
- You will be using **given** class time and **spare** class time to work on your Art Journal.
- There will be a total of **6** check-ins for this project. (dates will be given)

You will be evaluated on the complexity, time, and effort behind the work you get done, rather than the number of pages you complete.

Objective

You will create a series of works of art in the form of a book. You may use any / all of the following methods as long as we have gone over them in class. Please check with me if you are not sure what you can use.
